

December 2019

End-of-year games and greetings

Luminary Trivia

Created and produced by

LUMINARY LABS

Greetings from Luminary Labs

Everyone knows consultants love slide decks — and we are no exception. We hope you enjoy our handmade gift, created with the utmost gratitude in our NYC workshop.

SPECIAL THANKS

Our trivia game deck was inspired by an open educational resource template from [Eric Curts](#).

** We've been waiting for this moment, and it's finally here: It's time once again to share end-of-year cheer.*

You know the famous game show where questions are answers and answers are questions? Recreating this experience was our most enthusiastic intention.

And while visions of Jeopardy danced in our heads, a very Luminary parody was what we developed instead.

So this game may look like something you've seen, but the thorny problems and riddles are far from routine.

We hope you enjoy playing our trivia creation — may it inspire friendly competition and office recreation.

*The instructions for playing are on the next page.
We wish you luck as you embark on this trivia game!*

** Best read aloud in front of a fireplace, with a mug of hot chocolate in hand.*

How to play

- 1** Download this interactive PDF to your computer, if you haven't already. (It may not work properly in your browser window.)
- 2** Print the grid on the next slide. Use it to keep track of questions you've answered and points you've earned.
- 3** Proceed to the trivia board to start playing the game. Use the links to navigate and don't scroll through the following slides!
- 4** Click any number to view a question.
- 5** Make your best guess, then click to view the answer.
- 6** Give yourself points for each correct response.
- 7** Click "return to trivia board" and answer more questions.
- 8** Share the game with a colleague and compare scores!

SCIENCE & TECH	FUTURE OF WORK	HEALTH	EDUCATION	SPACE
100	100	100	100	100
200	200	200	200	200
300	300	300	300	300
400	400	400	400	400
500	500	500	500	500

Print this grid, and use it to keep track of questions you've answered and points you've earned.
Then [continue to the trivia board on the next slide](#) to start the game.
Be sure to view this interactive PDF in full-screen "slideshow" or "presentation" mode.
